Emerging Five

May/2024-july/2024   Ahmedabad,India

This is a growing IT consultancy and service organizations providing complete IT solutions. Expertise in customised software development.

PROFILE

Eager to bring extensive experience in software testing, innovative design, and dynamic development to a progressive company. Looking to join a forward–thinking team committed to creating impactful solutions and achieving remarkable growth and success. While passionate about web development, I also possess strong skills across various IT domains, ready to leverage my expertise to drive technological advancements and deliver outstanding results.

PROJECTS

CRAVORY   CravoryOnline

developed a website for an online bakery cum dessert shop. I used HTML, CSS. JS to create this website. I tried to give my best to provide a good user experience and a nice eye catching style.

SHOPRO   ShoproWeb

I developed an E-commerce website for online shopping using ReactJs.

Airbnb clone   AirbnbClone

I tried to clone the home page of airbnb using ReactJs. it was a task given in 6th sem for internals.

Automated Fan using Proteus   Automated_Fan

It automatically senses the temperature and accordingly switches the fan ON and OFF

CPU design   CPU_project
